A PRICE LIST OF 80 VARIETIES
ALL GROWN AT
THE LILY GARDENS
BELLEVUE WASHINGTON

AMABILE. A hardy species from Korea. Somewhat similar to the Coral lily, but heavier. Dark red spotted with black. Grows 2 to 3 feet high. Flowers in July.
.25 each; \$2.50 per dozen

AURATUM. Gold Banded Lily. White with a gold band down each petal and spotted dark maroon. Home grown bulbs of this beautiful lily are very scarce.
.75 each

BROCADE. A beautiful hybrid raised by the late Mrs. Backhouse in England. Lovely shades of apricot and pink. Hardy and easy to grow.
\$2.50 each

BULBIFERUM. Bright orange scarlet. Flowers stand erect. Has many small green bulbils in the axils of the leaves.
.25 each; \$2.50 per dozen
Bulbils, \$1.00 per 100, August delivery only.

CALLOSUM. Orange red. Light, graceful habit with many small flowers.
.25 each; \$2.50 per dozen

CANADENSE. Canadian Lily. Graceful bell shaped flowers. Yellow spotted black. Flowers in July.
.25 each; \$2.50 per dozen.

CANDIDUM. Madonna Lily. The old fashioned garden lily. Snow white. Delivered in August and September only.
.25 each; \$2.50 per dozen

CERNUUM. Lovely lilac-pink fragrant flowers. Grass-like foliage. Similar to *Tenuifolium*.
.35 each; \$3.50 per dozen

CHALCEDONICUM. Scarlet Martagon Lily. One of the best European species. Should be in every collection.
\$1.50 each

COLUMBIANUM. Oregon Lily. Probably the easiest Western lily to grow. Golden yellow spotted dark red. Flowers in June and July.
.15 each; \$1.50 per dozen.

COLUMBIANUM var. Ingrami. Larger and brighter than the type and the flowers vary, many having red shades. The bulbs also vary in form from toothed to globular, which leads one to believe it is a natural hybrid.
.50 each; \$5.00 per dozen.

CONCOLOR. Red Star Lily. Erect flowers. Dwarf, suitable for the rock garden.
.25 each; \$2.50 per dozen.

CORDIFOLIUM. A rare shade loving lily with large bronze colored heart shaped leaves. In planting leave the top of the bulb level with the soil. Only a few bulbs to offer.
\$1.50 each.

CROCEUM. Orange Lily. Bright orange erect flowers. Stem rooting. Flowers in June and July.
.35 each; \$3.50 per dozen.

DAVIDI. Similar to *Willmottiae* but stiffer and later, with reddish orange flowers. Quite hardy.
.75 each

DAVICURICUM. Similar to Umbellatum but shorter and in habit. Orange, flushed with red.
.35 each; \$3.50 per dozen.

DR. GRIFFITH HYBRIDS. These were disseminated by the late Dr. David Griffith from the Government Bulb Station at Bellingham. The parents were Liliun Humboldti, Pardalinum and Parryi, and they are all quite distinct and should be in every collection.

DOUGLAS INGRAM. Orange with the tips of the petals red. Only a few bulbs to offer.
\$2.50 each

KULSHAN. Large deep orange flowers spotted to the tips of the petals. A very unusual marking.
\$1.50 each

SACAJAWEA.—Orange. Short broad petals with large spots. Only a few bulbs to offer.
\$2.50 each

SHUKSAN. The most vigorous of the new hybrids and the easiest to grow. Orange-yellow, spotted with maroon. Resembles Humboldti, but is more floriferous, and not so fickle.
\$1.00 each

STAR OF OREGON. Deep orange with large spots to the tips of the petals. Only a few bulbs to offer.
\$2.50 each

A collection of one each of these beautiful hybrids. \$9.00

ELEGANS. Thunbergian Lily. Very hardy dwarf lily with upright orange flowers. Suitable for the rock garden.
.25 each; \$2.50 per dozen

~~**ELEGANS.** Double. Similar to above but with double flowers.
.25 each; \$2.50 per dozen~~

ELEGANS, ALICE WILSON. This lemon-yellow lily is a great improvement to the type.
.35 each; \$3.50 per dozen

ELEGANS, QUILP. Large upright yellow flowers with many conspicuous chocolate spots. Hardy and easy to grow.
.35 each; \$3.50 per dozen

FORMOSANUM. Formerly listed as Philippinese formosanum. This is the tall late flowering form. Long tubular flowers, white with reddish brown outside. Delightfully fragrant.
.25 each; \$2.50 per dozen

GIGANTEUM HIMALAICUM. A gigantic shade loving lily. white with a tinge of reddish purple deep in the throat. The spike sometimes grows 10 feet tall with many enormous flowers. In planting leave the top of the bulb level with the soil.
\$1.50 each; \$15.00 per dozen

GRAYI. A native of North Carolina, resembling Canadense, but with dark orange-red bell shaped flowers.
.35 each; \$3.50 per dozen

HANSONI. An orange-yellow hardy species from Korea, with very thick fleshy petals, and pretty foliage in whorls.

~~.50~~ **.75** each

HENRYI. Orange Speciosum. Rich orange-yellow with a prominent green band down each petal. Tall vigorous habit. Does well in sun or shade. Flowers in September.

.25 each; **\$2.50** per dozen

HENRYI. Lemon colored form. Quite distinct from the type. Does not come true from seeds. Only a few bulbs to offer this year.

\$10.00 each

HUMBOLDTI. A splendid tall growing lily from California, with reflexed orange-red flowers spotted with maroon, and the foliage in whorls.

.75 each

HUMBOLDTI MAGNIFICUM. Similar to the above but with crimson blotch round the spots, and easier to grow.

.75 each

KELLOGGI. Another native of California, with pretty pink recurved flowers. Likes partial shade. The bulbs do not grow very large.

.75 each; **\$7.50** per dozen

KELLOGGI HYBRIDS. A natural hybrid that appeared in our gardens. Pollen parent unknown as we have so many varieties flowering at the same time. The habit and flowers are similar to the type but vary through buff, old gold, pink, lavender, orange and various combinations. No particular shade can be delivered.

\$1.00 each

LONGIFLORUM. Easter Lily. Not hardy in severe climates. Pure white. Blooms in July out of doors.

.25 each; **\$2.50** per dozen

~~**MARTAGON.** A purple lily very popular in Europe. Very hardy and a good grower. Flowers in June.~~

~~**.35** each; **\$3.50** per dozen.~~

MARTAGON ALBUM. Similar to the above but pure white, and more floriferous.

.35 each; **\$3.50** per dozen

MARTAGON CATTANAE. Taller and more vigorous than the type. Rich glossy mahogany color. Very striking lily.

\$2.50 each

A collection of one each of the above Martagons **\$3.00**

MAXIMOWICZII. Somewhat similar to the well known Tigrinum but lighter, more graceful, and without any bulbils on the stems.

.25 each; **\$2.50** per dozen.

PARDALINUM. Leopard Lily. One of the best. Bright red, lower part of the petals orange with dark red spots. Will grow six feet tall. Flowers in July.

.10 each; **\$1.00** per dozen; **\$7.50** per 100

PARDALINUM GIGANTEUM. Sometimes called the Sunset Lily or Chinooki. Larger, darker and richer flowers than the above, taller and a more vigorous grower.

.50 each; \$5.00 per dozen

PARDALINUM PALLIDIFOLIUM. Similar to the type, but paler in color and with heavier foliage.

.25 each; \$2.50 per dozen

A collection of one each of the Pardalinums.

.75; 3 of each \$2.00

PARRYI. Lemon Lily. A native of Southern California, and one of the most beautiful. Clear citron yellow with very small brown spots in the throat.

~~1.00~~ .50 each; \$5.00 per dozen

PARRYI Var. KESSLERI. Similar to the type but flowers two weeks later. The foliage is heavier, and it is hardier.

.75 each

PARVUM. The Little Lily. The flowers are small and dainty, but borne profusely. Orange-yellow.

.35 each; \$3.50 per dozen

PHILIPPINENSE. Philippine Lily. This is the dwarf form that flowers in August and grows about two feet tall. Long tubular flowers, white with reddish-brown outside. Very fragrant. (See Formosanum for the tall late flowering kind).

.25 each; \$2.50 per dozen

~~**POMPONIUM.** Brilliant scarlet flowers. The reddest lily grown. Similar to Chalcedonicum but darker and easier to grow.~~

~~.75 each; \$7.50 per dozen~~

PYRENAICUM. Yellow Turks Cap. A well known European species that flowers very early, usually late in May. The flowers are spotted with black. Perfectly hardy.

.50 each; \$5.00 per dozen

REGALE. One of the most beautiful and hardiest lilies grown. Most of the interest in lilies in recent years can be attributed to this wonderful discovery of Mr. E. H. Wilson. Large white flowers with a yellow throat and more or less wine colored outside.

.10 each; \$1.00 per dozen; \$7.50 per 100

Mammoth bulbs .20 each; \$2.00 per dozen

ROEZLI. Similar to the better known Pardalinum, but lighter and more graceful. Thrives in dryer locations. Orange, tips of petals red.

.25 each; \$2.50 per dozen

RUBELLUM. A beautiful little pink flowered shade loving lily. Not easy to grow, but these home grown bulbs should succeed. Only a few bulbs to offer.

.50 each

SARGENTIAE. A magnificent August flowering lily, with long funnel-shaped, creamy-white blooms. Golden yellow deep in the throat, and reddish-brown outside. This is a bulbil bearing lily.

\$1.50 each

- SPECIOSUM RUBRUM.** Well known Japanese variety. Frosted white spotted and flushed with crimson. Flowers in September.
.35 each; \$3.50 per dozen
- SULPHUREUM.** Another wonderful lily that should be grown more. It is the hardiest of the Burmese species and is easy to grow. Sulphur yellow, deepening in the throat, dark shadings on the outside. The flowers are very large, and borne on heavy stems 5 to 6 feet high. It flowers in September.
.75 each; \$7.50 per dozen
- SULPHUR-GALE HYBRIDS.** Sulphureum crossed with Regale. Flowers later than Regale with the stiff stems of Sulphureum. The flowers vary as in all hybrids, with characteristics of both parents.
.50 each; \$5.00 per dozen
- SUNSET LILY.** See *Pardalinum Giganteum*.
- SUPERBUM.** Swamp lily. A native of the Eastern U. S. Tall, with up to 30 blossoms on a spike. Orange, flushed with scarlet, brown spots. Flowers in August.
.35 each; \$3.50 per dozen
- TENUIFOLIUM.** Coral Lily. The daintiest lily grown. Many small deep scarlet waxen flowers. Easily grown from seeds.
.10 each; \$1.00 per dozen; \$7.50 per 100
- TESTACEUM.** Nankeen Lily. A peculiar shade of apricot, and a great favorite, but still very scarce.
\$1.50 each
- TIGRINUM.** Tiger Lily. Well known and very hardy. Easily increased by the many stem bulbils. Orange red, spotted with purple. Flowers in August.
.10 each; \$1.00 per dozen; \$7.50 per 100
- TIGRINUM.** Double. Similar to the above, but the best double lily.
.25 each; \$2.50 per dozen
- UMBELLATUM.** We have tested out many varieties of this lovely upright flowered lily, and the following are all distinct and well worth growing. The heights given are approximate only; in the shade they will grow taller and the flowers hold up longer.
- Apricot.** 2 ft. Delicate apricot yellow.
50 ~~.25 each; \$2.50 per dozen; \$15.00 per 100~~
- Erectum.** 2 to 3 ft. Bright red, flushed with orange.
.25 each; \$2.50 per dozen; \$15.00 per 100
- Golden Fleece.** 18 inches. Rich golden yellow, shaded with apricot.
.75 each
- Grandiflorum.** 2 to 3 ft. Orange shaded red.
.25 each; \$2.50 per dozen
- Horsmani.** 2 ft. Warm brick red. No orange shades. Grand variety.
.25 each; \$2.50 per dozen

Incomparabile. 18 inches. Rich crimson with many spots.
.50 each

Invincible. 18 inches. Broad petals of deep orange, shading to red. The latest of this list to flower.
.50 each

Mahogany. 12 inches. Rich mahogany. The darkest of all the Umbellatums.
.50 each

Multiflorum. 2 ft. Orange red flowers, smaller than other varieties, but more of them.
.50 each

Orange King. 2 ft. Glowing orange in the throat, darker at the tips.
.75 each

Refulgence. 2 ft. Reddish orange with a bronze tinge.
.50 each

Splendidum. 2 ft. Rich brick red, with narrow petals.
.50 each

Thalia. 18 inches. Golden orange. One of the newer varieties.
.50 each

Vermillion Brilliant. 18 inches. Crimson blood red. Early.
.50 each

A collection of one each of the above 14 varieties of Umbellatums \$5.50.

WALLACEI. An erect lily. Rich apricot with ivory shading. Flowers in August. Likes plenty of moisture.
.25 each; \$2.50 per dozen

WASHINGTONIANUM. The flowers of this beautiful lily open white and as they age turn to a lavender-pink, and then purplish which makes a bed of them a wonderful sight.

.50 .25 each; \$2.50 per dozen; \$15.00 per 100

WILLMOTTIAE. Tall and graceful with so many spotted reddish-orange flowers on a stem that they need staking. Very easily grown. Our stock has increased to such proportions that they are offered at this low price.
.15 each; \$1.50 per dozen; \$10.00 per 100

WILLMOTTIAE UNICOLOR. Similar to the above but without the spots. Only a few bulbs to offer.
\$2.50 each

All bulbs at single and dozen prices are postpaid anywhere in the United States or Canada. At 100 prices they are shipped express collect. Six of one variety at dozen rates. 50 at 100 rates.

We grow nothing but liliums, and send out no collected, imported or cold storage bulbs. A few varieties can be held until Spring but October planting gives best results for the majority of the species. Short cultural directions are sent with each order.

We leave as many roots on as possible, so plant immediately on receipt of the bulbs, before the roots dry up.

Any good garden soil that is well drained will do. Partial shade is generally a little better than full sun. Use no fresh manure.

The bulbs are guaranteed true to name and none but sound bulbs are delivered. We will replace all that arrive in damaged condition or refund your money if you return the bulbs. They vary in size from 3 to 12 inches in circumference, according to the species.

State of Washington purchasers must include the 2% sales tax.

(Perhaps you would like to purchase a lily growing business with probably 250,000 lily bulbs. Over 100 varieties. Many new hybrids. Write about this.)

LILY SEEDS

\$0.25 Per Packet

The number of seeds in each packet varies with its scarcity. All home grown and guaranteed true to name. Some varieties can be supplied in ounce and pound lots.

Amabile	Martagon
